

Dear Senator,

As a gender bill supporter I urge you to support this important legislation. Did you know that transgender New Yorkers are being:

- **Fired at will without cause**
- **Denied adequate healthcare & medical treatment**
- **Evicted from their homes without cause**

And it's all legal in New York State!

This is both WRONG and UN-AMERICAN!

NYS needs to remedy this by passing the **Gender Expression Non Discrimination Act**, which protects New Yorkers from discrimination in these and many more areas they deal with daily. Equal Protection Under The Law needs to include Transgender New Yorkers!

Pass GENDA NOW!
